### Work Experience

#### Website Dublin

**Date:** September '06 to June '07

**Position:** Placement Student

#### Skills Acquired:

- Web Design and Implementation
- File Maintenance
- Meeting with Clients
- Operated Computer System
- Operated Small Switchboard
- General Office Duties

This job required me to use a wide range of web technologies including PHP, SQL, xHTML, CSS, VBScript and JavaScript. I was involved in the design, implementation and updating of many client websites. I gained valuable experience with applications such as Dreamweaver, Photoshop, Illustrator and Flash. I was also introduced to the concepts of Search Engine Optimisation. Using URL Rewriting and PageRank to improve websites performances in Search Engines.

### **Northern Bank**

**Date:** June '08 to November '08

**Position:** Web Editor

**Skills Acquired:**

- Experience with CMS
- HTML / CSS
- Web Standards / SEO
- Experience with Wireframes, Sitemaps and Gantt Charts.
- MS Office

Working as a Web Editor for Northern Bank, I was responsible for the new look website launched in October. I was assigned a number of sections, where I worked with Content Providers to strict deadlines to ensure each page was created successfully. Web Pages were created within a Content Management System (Microsoft Sharepoint) that required an in-depth knowledge of HTML, CSS, Search Engine Optimisation and Web Standards to ensure that each page was created and correctly displayed on all browsers.

### **Hobbies and Interests**

I am a very social person and enjoy meeting friends when I am not working. A group of friends and I meet every Saturday to play five aside football in the local leisure centre. Photography is also a particular interest of mine; I find it useful in my web designs as well as being a relaxing pastime.
